

## CPA Crossings iPad-Based Seminars

CPA Crossings has partnered with several State CPA societies to offer the most innovative platform of CPE delivered exclusively on state-of-the-art Apple iPad devices. This delivery model will provide interactive courseware delivered on electronic tablets that offer vivid colors, interactive graphics and on-screen annotation tools to provide an unprecedented level of interactive course materials. All 2013 courses now support the BYOD (bring your own device) model to reflect the change in the marketplace.

The courses listed below are all 8-hours unless otherwise noted. Click on the link (city/state) to register.
